Can't Catch Me! GAME

- Contents**
- Game Board
 - 8 Monkey pieces
 - Snapping Crocodile
 - Spinner card
 - Instructions

OBJECT
To be the first player to reach **FINISH**.

SET-UP

- Place spinner arrow and base into the spinner card.
- Position the crocodile onto the game board. The crocodile feet should go into the holes on the game board. Gently move the crocodile head to the far left while holding the body down. This will set the crocodile for future snapping action.
- Each player chooses two monkey pieces of the same color.

PLAYING THE GAME

1. Each player places one monkey piece on the **START** space. This monkey piece will always be used to move around the game board. Each player then places the second monkey piece on the color-coded leaf space that matches the color of the monkey.

NOTE: Each leaf space is color-coded to match a monkey piece. Players should place his/her specific monkey piece on the correct colored space.

2. The youngest player goes first by spinning the spinner and moving the correct number of spaces.
3. Movement around the board is counter-clockwise. Players follow the directions below when landing on a space:

SPACES ON THE BOARD:

Closed Mouth Crocodile – Players act like a crocodile. After the player acts like a crocodile, he/she pushes down the **RED BUTTON** on the crocodile **ONE TIME**.

Monkey Space – Players act like a monkey. After the player acts like a monkey, he/she pushes down the **RED BUTTON** on the crocodile **ONE TIME**.

X Spot – Players move his/her second monkey piece located on color-coded leaf space onto the “hot” spot (X mark). This is considered the danger zone where the monkey may be snapped by the crocodile.

NOTE: More than 1 monkey piece can be on the X spot.

Open Mouth Crocodile SNAP! – Players push down the **RED BUTTON REPEATEDLY** until the crocodile’s head snaps (it will move to the right!).

WATCH OUT! If your monkey is on the “hot” spot (X mark) and a player lands on a **SNAP** space, your monkey may be knocked off the board.

If your monkey is knocked off the board, you place it back on the correct colored leaf space and move your monkey moving piece back to the nearest “Hug Mama” space.

IMPORTANT – EACH TIME THE CROCODILE SNAPS, THE PLAYER MUST GENTLY MOVE THE CROCODILE HEAD BACK TO THE FAR LEFT, WHILE HOLDING DOWN THE BODY.

Hug Mama – Players move their monkey moving piece here for a hug after getting snapped. Players then move the monkey piece that got snapped in the “hot” spot (X mark) back to the correct colored leaf.

If a player lands on this space during a normal turn, he/she gives her/his self a big hug.

NOTE: A player only moves back to the nearest “Hug Mama” spot. He/she does not have to go back to the **START** space.

4. Play moves to the left and continues as above, until the first player reaches **FINISH**.

WINNING THE GAME

The first player to reach **FINISH** wins.
