

DEAR FRIENDS OF UNIVERSITY GAMES,

Welcome to our 2023 catalog of new games, exciting puzzles, current trend licenses and assorted other products to excite you and your customers. This is going to be a transformational year for University Games and all of you. We are moving forward in 2023 after health, economic and social upheaval. The greatest aspect about games and puzzles is that even in volatile times families get comfort and have fun with our games, puzzles and other products. And—people get our products through your stores and websites.

In 2023 our guiding principle will be to **“Help America to Learn and Have Fun.”**

WHAT'S TO SEE IN 2023

We have several new products that you will love:

Briarpatch now has a complete Richard Scarry line. The brand that screams “learning and fun” now has a full line of the Busy World of Richard Scarry games to complement the First 100, Pete the Cat, World of Eric Carle, Scholastic and Daniel Tiger’s Neighborhood offerings. Create a section of Briarpatch products and let your customers know that you are a leader in preschool games and activities.

More Mystery with Murder Mystery Party Games

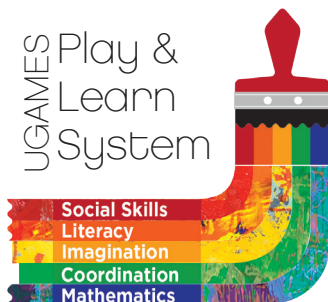

The fastest growing game category at UG, we are adding to the Case Files in 2023 with Mission: Black Hawk and The Night Hunter. Two “next generation” games for those who can’t solve enough murders in their lives.

New View towards Marketing

In 2023 we will be doubling our budgets and our efforts to celebrate our games, puzzles and activities with you and your customers. Our new YouTube channel – AreYouGame Studios – will be featuring a variety of different types of information about our products, and we will be supporting every new item with videos, how-to-play information and examples of people playing with our games. We are totally committed to getting the word out and finding new and imaginative ways to have children and their families experience our products. If you have any local ideas for your area, or if you want to be part of our marketing efforts just let us know.

Forbidden Games Acquisition

In late April 2022 we acquired Forbidden Games and entered the exploding strategy games category. Forbidden Games joins University Games and brings a bevy of award-winning games including Raccoon Tycoon and Mosaic: A Story of Civilization. These new games are amazing and add a new dimension to University Games. Our goal is to help you build your knowledge, your customer base and your game selection in this exciting sub-category.

Let’s Talk about Learning! Since 1985 when University Games got started, I have been writing and talking about learning and how important it is to mix with fun. Kids and families are always learning, even during the weekends and the summer. The Play & Learn System’s learning traits of imagination, social skills, mathematics, literacy and coordination are built throughout our lives and in everything we do. At University Games we pack these critical development attributes into every game, puzzle and activity that carries our UG logo. We always have and we always will.

Enjoy this catalog and keep your eyes out for the perfect additions to your assortment. This catalog has all your old favorites and a few fun surprises.

Best regards,

Bob

Game play has just the right amount of “next step” complexity to engage both casual players and committed gamers most games play in just over an hour. Raccoon Tycoon is considered by Dice Tower to be one of the best board games of all time and Mosaic is following a similar path, joining numerous prestigious Top 10 Lists, including Dice Tower’s. This year we are launching Faeries, which promises to provide an accessible, innovative gameplay experience to an even broader audience.

KICKSTARTER
LAUNCH SPRING OF 2023!

Story of Faeries & Magical Creatures

From that midsummer night when you and your great aunt Victoria gazed from the garden gate of her country manor and saw the will-o-wisp lights blinking near the edge of the forest, the adventure began!

“What are those?” you asked. “Well, those are the faeries, my dear,” she responded as if it were the most natural thing in the world.

From that moment, you knew that in the time remaining in your summer visit, you HAD to get close to one, to speak to one, to befriend a real faerie.

You had no idea what magical secrets would be revealed to you about the many faerie folk, their homes and their powers.

And now, weeks later, staring into the foggy entrance to their realm, you wonder if you have the courage to enter...
