Made in China. B009953 08/14

Contents:

- 4 Double-sided Bingo Cards
- 30 Bingo Chips
- 30 Character Cards

MEMORY

Objective:

To be the player with the most matching pairs of Character Cards.

Setup:

Mix up all the Character Cards and put them face-down in five rows of six cards each in the middle of the table. Set aside the Bingo Cards and Bingo Chips. You will not need them for this game.

How to Play:

The youngest player goes first by flipping two Character Cards face-up. If the two cards show the same character, the player takes both of the cards and puts them next to him/her. If not, the player flips both cards face-down again and play passes to the next person. Players should remember which cards have already been flipped up so that they can make more matches!

Winning the Game:

When there are no more face-down cards on the table, each player counts the number of matching pairs of Character Cards that he/she has. The player with the most matches wins!

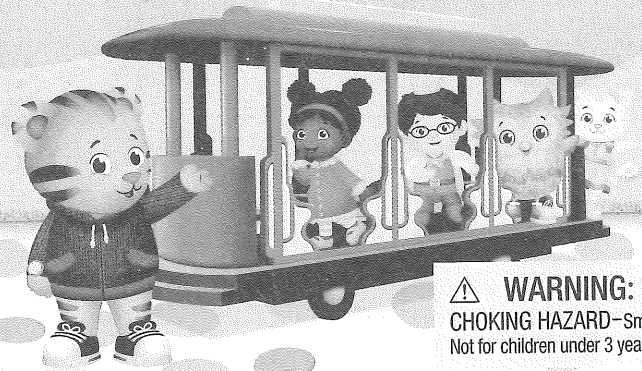

Ages 3 & Up 2 to 4 Players

DANIEL TIGER'S NEIGHBORHOOD™

Bingo & Memory Match

Instructions

WARNING:
CHOKING HAZARD—Small parts.
Not for children under 3 years.

BINGO

Objective:

To be the first player to cover three spaces in a line and yell "Bingo!"

Setup:

Give each player a Bingo Card, and put all the Bingo Chips in the center of the table so all players can reach them easily. Mix up the Character Cards and put them in a face down pile.

How to Play:

To start, each player takes one Bingo Chip and covers the trolley space in the center of his/her Bingo Card. Then, the youngest player goes first by taking the top Character Card and showing it to all players. If a player has a square on his/her Bingo Card that matches the character and the colored background shown on the Character Card, that player takes a Bingo Chip and covers up that space on his/her Bingo Card.

Play continues to the left, with each player taking the top Character Card and showing it to all players.

Winning the Game:

When one player has covered three spaces in a line, he/she yells "Bingo!" and shows the other players his/her card. If the covered spaces match Character Cards that have been drawn, that player wins!

Players can win by getting a bingo running horizontally (side-to-side), vertically (up-and-down), or diagonally. For a longer game, have players play until one person gets two bingos!
