

Dora the Explorer Card Game

Components:

- 6 Backpack Cards
- 10 Dora Cards
- 40 Tool Cards

Object:

Be the first player to collect all 4 Tool Cards for his/her backpack and 1 Dora Card.

Set Up:

1. Separate the 6 Backpack Cards from the deck. The dealer deals each player 1 Backpack Card, placing it face up in front of him/her. If there are remaining Backpack Cards, they are placed out of play.
2. The Dealer deals 4 Tool Cards to each player. Tool Cards are placed face up in a row below each player's Backpack Card.
3. All remaining Tool Cards are placed in a pile (the draw pile) between the players.

Playing the Game:

1. The youngest player goes first. To begin a turn, a player must draw a card from the draw pile OR from the discard pile.
2. After drawing a card, a player must discard. If a player has a Tool Card that matches a Tool from his/her Backpack, that player may place his/her card next to his/her Backpack (this counts as his/her discard). If a player does not have a Tool Card to match a tool from his/her Backpack, s/he may discard into the discard pile. NOTE: Players may only place one Tool Card next to their Backpack for each Tool on their Backpack.
3. Players only have 4 Tool Cards in the row in front of them at one time.
4. Play passes to the left.
5. Players may place a Dora Card next to their Backpack at any discard turn. A Dora Card must be in the player's Backpack in order to win.

Winning the Game:

The first player to collect all 4 Tool Cards for his/her Backpack and 1 Dora Card wins the game.
