Charades KIDS ON STAGE™ Game

Instructions

Contents

- Category Spinner
- 34 Red Action Cards
- 33 Green Object Cards
- 33 Blue Animal Cards

Object of the Game

Even the littlest star can play Charades Kids on Stage™ Game. It's easy and fun for all. The object is to encourage creativity and communication rather than competition. That's why everyone wins in this charades game!

Playing the Game

1. Sort the cards by color and place them in three separate piles face down.
2. The oldest player (Player 1) goes first.
3. Player 1 spins the spinner, then picks a corresponding color card without showing it to the other players. The card will show either an action (red cards), an object (green cards) or an animal (blue cards).

4. Without speaking (sounds may be used), Player 1 acts out the action, object or animal pictured on the card. All other players guess until someone correctly identifies the action, object or animal. *Note: The player's acting does not need to imitate the picture, but can represent the action, object or animal. For example, "Playing Baseball" can be acted out by batting, catching or throwing.*
5. A player's turn ends when the picture is correctly identified by another player.
6. Play rotates clockwise, with the next player spinning the spinner and acting out a card.
7. The game is finished when every player has acted out five cards.
