

## SCORING AND MOVING

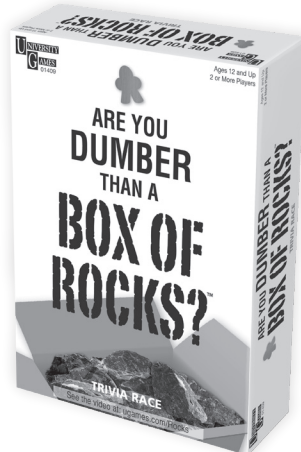

1. If a player places all 5 Pegs in the correct order, he/she moves 5 spaces forward.
2. If a player places only 1, 2 or 3 Pegs in the correct order, he/she moves the same number of spaces as the number of Pegs placed in the correct order.
3. If a player does not place any of his/her Pegs in the correct order he/she does NOT move any spaces.
4. Play continues to the right, with the next player choosing a Topic Card and reading the question aloud to the group.

## WINNING THE GAME

The first player to reach FINISH on the Game Board wins the game.

# INSTRUCTIONS

## OBJECT OF THE GAME

Be the first player to reach FINISH on the Game Board.

## CONTENTS

- Game Board
- 4 Moving Pieces
- 4 Playing Boards
- 20 Pegs (4 sets of 5 Pegs)
- 280 Topic Cards

## SET-UP

- Each player takes a Playing Board and a set of 5 different Pegs (Purple, Yellow, Green, Blue, Red) and selects a Moving Piece.
- Shuffle the Topic Cards and place a pile next to the Game Board. The cards should be facing topic side up and placed within reach of all players.
- Players place their Moving Pieces on the START space on the Game Board.

## HOW TO PLAY

1. The youngest player (The Reader) goes first and picks a Topic Card from the top of the deck. He/she reads the question aloud to all the players and places the card (topic side up) in the middle of the table for everyone to view.

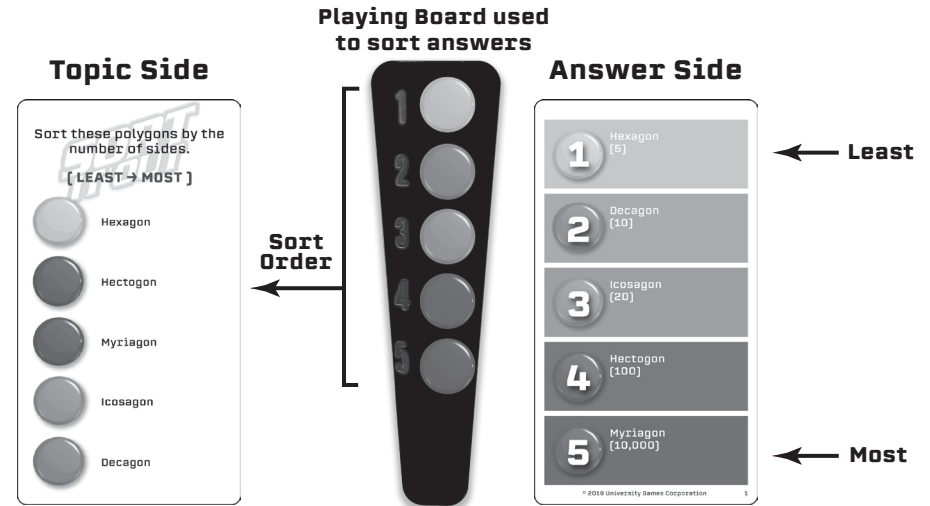

**NOTE TO THE READER: Be sure NOT to let anyone see the answers on the back.**

2. All Players now respond to the question on the Topic Card by placing their 5 different Pegs in the order they believe is correct. Pegs must be placed inside the Playing Boards within approximately 2 minutes.
3. Once all the players have finished placing their Pegs into their Playing Boards, the Reader flips over the Topic Card. All the players check their answers.

## TYPES OF CARDS

### Sorting Topic Cards:

When a player picks a Sorting Topic Card, he/she is asked to sort a list of 5 items into the correct order.

### Listing Topic Cards:

When a player picks a Listing Topic Card, he/she is asked to select all the items that belong in the list. Players can use any of their Pegs to indicate the items he/she believes are correct. The maximum number of Pegs allowed to answer is indicated on the card as follows:

Max 4: means that 3 or 4 items are correct.

Max 3: means that 2 or 3 items are correct.

Max 2: means that 1 or 2 items are correct.
